Skills

C# | .Net Core | Web API | Angular | SQL Server | TypeScript | JavaScript | HTML | CSS | Bootstrap | SVN Tortoise | Crytal Report | Visual Studio | VS Code | MSOffice

Experience

Sia Partners - Software Engineer (Sep 2025 – Present) | Hiranandani Powai (Mumbai)

Key Responsibilities:

- **Full-Stack Development:** Building web applications using .NET Core, C#, Angular, and JavaScript, focusing on scalable and maintainable solutions.
- **AI & Data Solutions:** Contributing to Sia AI, delivering AI-powered and data-driven solutions for business optimization.
- **Cloud-Native Development:** Deploying applications using Docker & Kubernetes and integrating with AWS, Azure, and GCP.
- **Database Management:** Working with SQL/NoSQL databases for high-performance data operations.
- **CI/CD & Performance:** Implementing CI/CD pipelines, optimizing performance, and ensuring reliability of deployed applications.
- **Collaboration:** Working alongside Data Scientists, AI Engineers, and UX/UI Designers to deliver innovative solutions.

Softcon Business Solutions - Software Developer (Feb 2023 – Sep 2025) (Mulund)

Key Responsibilities:

- **Full-Stack Development**: Designed and built dynamic web and mobile applications using Angular, .NET Core, and SQL Server.
- **Frontend Development**: Created responsive, interactive UI components with Angular and TypeScript to enhance user experience.
- **Backend Development**: Developed secure, scalable RESTful APIs for business transactions using C# and .NET Core.
- **Database Management**: Wrote and optimized complex SQL stored procedures for high-performance data operations.
- **Performance Optimization**: Improved API response times, database queries, and UI performance.
- **Code Quality**: Conducted code reviews, ensured coding standards, and mentored junior developers.
- **Reporting**: Integrated Crystal Reports for professional, client-side reporting solutions.

Projects: Smart Business (Web), Smart Retailer (Web), Agent (Web & Mobile App)

- **Smart Business (Web)**: Built a B2B platform enabling seamless online business transactions.
- **Agent Platform (Web & Mobile)**: Created a cross-platform application with backend integration and responsive design
- **Smart Retailer (Web)**: Developed an inventory management system with real-time stock tracking.

Nimap Infotech – Internship (Oct 2022 – Jan 2023) (Lower Parel)

- Developed Web APIs using C# (.NET Core) and tested them with Postman.
- Worked on UI development using Angular, HTML, and CSS.
- Handled database development and optimization tasks using SQL Server.
- Gained experience in integrating frontend and backend components seamlessly.

Cognizant - Graduate Trainee Application (Dec 2021 – July 2022) (Chennai)

- Worked as an Application Support Engineer, resolving technical issues across applications, web servers, and databases.
- Utilized remote troubleshooting tools to quickly identify and fix problems.
- Ensured high system uptime by monitoring and maintaining smooth operations.

Education

- **Master of Science (IT)** — Jan Vikas Mandal's Mehta Degree College, Airoli | CGPI: 9.13
- **Bachelor of Science (Computer Science)** — V.P.M's R. Z. Shah College, Mulund (E) | CGPI: 6.76
